Data Analysis
Written Report
Facilitation

Develop a shared vision among your administrators!

The importance of establishing shared goals to create strategies throughout the district cannot be underestimated. This inventory asks your administrators to rate the effectiveness of current policies and practices as well as establish priorities for future planning. The data defines areas of consensus as well as areas where more discussion is needed.

The program includes the option to have your data analyzed and presented in a written report.

Topics:

- Policy Effectiveness
- Improving Student Achievement
- Decision Making and Communication
- Priorities and Planning
- Administrative Effectiveness

Benefits:

- **Evaluate** current policies and practices
- **Reflect** on goals and vision
- **Identify** areas of consensus
- **Align** administrative efforts
- **Establish** district priorities, goals and vision
- **Unify** your district
