

Annual Board Development Tool

Since 2000, the National School Board Association has worked to help school board members across the country master and refine the skills, knowledge and abilities to be successful. The framework titled, *The Key Works of School Boards*, provides a roadmap to assist and support their work.

The School Perceptions' **Annual Board Development Tool™** is based on the Key Works framework and designed to help school boards identify their areas of strength and alignment as well as where further dialogue and discussion is needed.

The planning tool is organized around the following areas:

- Board Operations
- Data-Driven Decision Making
- Budgeting
- Planning
- District Operations
- Policy
- Community Engagement
- Vision
- Culture

Vision	
The following table displays each item in rank order after a simple average calculation for the statement "Please rate your board's performance in each area" based on the following scale: Fully achieved (4), Mostly achieved (3), Partially achieved (2), Not achieved or started (1)	
Item	Average
Our vision and top priority is student achievement.	3.14
We clearly communicate our vision to our staff, parents and community.	2.85
We have established clear strategies to accomplish our vision.	2.73
We have a process that allows key stakeholders (administrators, staff, parents and the community) to help create/refine our vision and strategic priorities.	2.5
Overall	2.81

Your School District			
Key Works Action Areas	Your District	State Average	Variance
Vision	3.81 (7)	3.33	0.48
Accountability	3.72 (7)	3.08	0.64
Policy	3.56 (7)	3.69	0.13
Community Leadership	3.86 (7)	3.22	0.64
Relationships	3.2 (7)	3.87	-0.67
SP Overall Index	3.63	3.44	0.19

Once all members of the school board complete the planning tool, School Perceptions can provide your District with the following reports:

- Overall Board Performance
- Itemized State Comparison
- Highest Standard Deviation
- Itemized Longitudinal Comparison
- Indexed to The Key Works of School Boards - Five Action Areas

Services Include:

- Survey Administration
- Online Result Access
- Detailed Report Analysis

Look to School Perceptions for all your data collection and survey needs.

- ✓ Community Surveys
